I am reaching out to you for assistance. I am dealing with a sensitive immigration matter where an immigration officer at ORT, who clearly is not trained properly to discharge his duties, refused a businesswoman who is my client entry into SA on incorrect grounds.

Under S8 of the Immigration Act, the Minister must on written request review the decision of the immigration officer.

We have made this request and the Minister has failed to respond with the result that my client's embassy wishes to intervene on her behalf.

If you are able to, may you share Minister Malusi Gigaba's or his secretary's direct telephone number with me so that I can discuss this with him and avoid making Application to the High Court where he will be painted in a negative light.

I am indebted to you for any help that you are able to extend to me.

Yours faithfully
